|    | MUNICIPALITY   | RESPONDENT         | QUESTION #1  | QUESTION #2  | QUESTION #3  | QUESTION #4   | QUESTION #5  | QUESTION #6  |  |  |
|    |  |                    | Do you allow retail marijuana businesses in your town? | them to be located in your core business district or historic district?  | you do allow retail marijuana in Town but not in the core, what were your reasons for not allowing them in the core? | If you do allow them in the core was there a pro/con debate about doing so and what were the pro/con arguments?   |  | If you do allow in your core, do you have any special restrictions on where they can be located? |  |  |
| 1  | Aspen  | Linda Manning      | Yes  | They are allowed in the downtown core. We are currently amending our code that will allow retail in historic landmark buildings, this would include retail marijuana.  |  | We consider retail marijuana as any other type of retail. The only restriction is on the distance to a school.  | We have had several hoa's complain when a retail shop is moving in but that is between the hoa and the tenant/landlord. The lease must state that the nature of the business is medical or retail marijuana. | The only restriction we have is they must be located at least 500 feet from a school.            |  |  |
| 2  | Aspen  | Steve Barwick      | Yes  | Yes  | N/A  | Our experience with medical marijuana shops led us to believe that there would only be minimal issues with recreational sales.  | A few people are still opposed to the existence of retail shops. Overall, there are very few issues with either locals or visitors on the subject.   | Any retail location.   |  |  |
| 3  | Avon   | Virginia Egger     | No   | Additional Comment: The Town<br>Council prohibited retail marijuana<br>businesses (and all other recreational<br>marijuana businesses).  |  |   |  |  |  |  |
| 4  | Dillon   | Carri McDonnell    | We will be January 1, 2015                             | The Town Center will not be included. They will be allowed in a portion of Dillon Ridge Marketplace and in one building in the Red Mountain Plaza on Anemone based on setback restrictions established by Council. | Setbacks to schools and parks prohibit them  | N/A   | N/A  | N/A  |  |  |
| 5  | Durango  | Ron LeBlanc        | Yes  | Yes  | N/A  | Extensive debate. Some were concerned with the impact on "family" destination image (train, college, river, etc.). Others wanted Council to follow the wishes of the voters who approved Amendment 41.  | Existing Medical Centers (8) will be allowed to apply for retail licenses first. On January 1, City will take retail   | 1,000 feet from schools and rehab centers, 250 from parks with playgrounds                       |  |  |

| 7  | Fraser   | Jeff Durbin        | Yes  | Yes (don't have a hist dist)   |  | Yes, but our biz district is much larger than our actual biz center. Our conversation was really more about should they be on "Main St" so they can be more successful (thus more revenue) or should they be located off "Main St" to preserve our "community character." | we've had to date is NIMBY, put it in  | Just standard distance separation stuff.   |  |  |
